## Kennewick First UMC Members to Rebuild Homes in Saipan

Three KFUMC members will be traveling **April 3 through 19** to the North Marianas Island of Saipan to rebuild roofs and enclose homes damaged by Super Typhoon Yutu. Mike Thien, Kathy Bryson and Dana Bryson are part of an eight-member team that will travel for two days to reach one of the furthest US Commwealth islands. Only Guam is further, which the team will connect through to reach Saipan.

Super Typhoon Yutu made landfall on Saipan and nearby Tinian on October 25, 2018 with gusts of 190 mph causing catastrophic damage to the small islands. It was the strongest typhoon to ever hit the North Marianas Islands and the second strongest to hit the US or its territories. The initial response was from nearby military organizations in Guam Hawaii and the mainland that tarped roofs and set up cabin tents for temporary shelter. FEMA took on the next phase of bringing in skilled volunteer teams to get people out of the tents and into their homes. Known as United Methodist Committee on Relief (UMCOR) teams, skilled volunteers from across the nation have been serving in Saipan since March 2019 in very hot, high-humidity tropical conditions constructing roof joists, attaching metal roofs along with installing doors and windows. Mike, Kathy and Dana will be on one of the last teams to serve in Saipan under the FEMA volunteer program. For additional information about Saipan UMCOR missions or how to volunteer for UMC disaster response, contact Dana and Kathy Bryson at [brysonpnw@gmail.com](mailto:brysonpnw@gmail.com).
